

**ON THE MEMORY OF A DEAR FRIEND I KNEW FOR 45
YEARS:
PROF. C. CHARALAMBIDES-SOME PERSONAL
RECOLLECTIONS**

P.-C.G VASSILIOU

*Department of Statistical Science University College London.
Dedicated to the memory of C. Charalambides*

ABSTRACT. His life was one of intense mathematical creativity spanning five decades (web of science) and encompassing disciplines such as Combinatorics, Distribution Theory and Probability Models. In the present short talk some personal recollections from our friendship will be stated which most probably reveals the man's personality, integrity, research dedication and academic ethos.
